Autogenerated data summary from dataMaid

2022-04-02 16:01:21

Data report overview

The dataset examined has the following dimensions:

Feature	Result
Number of observations	99
Number of variables	13

Checks performed

The following variable checks were performed, depending on the data type of each variable:

	character	factor	labelled	haven labelled	numeric	integer	logical	Date
Identify miscoded missing values	×	×	×	×	×	×		×
Identify prefixed and suffixed whitespace	×	×	×	×				
Identify levels with < 6 obs.	×	×	×	×				
Identify case issues	×	×	×	×				
Identify misclassified numeric or integer variables	×	×	×	×				
Identify outliers					×	×		×

Please note that all numerical values in the following have been rounded to 2 decimals.

Summary table

|	Variable class	# unique values	Missing observations	Any problems?
IPAddress	character	99	0.00 %	×
Q1.1_2	factor	5	0.00 %	×
Q1.1_6	factor	5	0.00 %	×
Q1.1_7	factor	5	0.00 %	×
Q1.1_12	factor	5	0.00 %	×
Q1.1_1	factor	5	0.00 %	×
Q1.1_4	factor	5	0.00 %	×
Q1.1_9	factor	5	0.00 %	×
Q1.1_10	factor	5	0.00 %	
Q1.1_3	factor	5	0.00 %	×
Q1.1_5	factor	5	0.00 %	×
Q1.1_8	factor	5	0.00 %	
Q1.1_11	factor	5	0.00 %	

Variable list

IPAddress

IP Address

- The variable is a key (distinct values for each observation).

Q1.1_2

Please indicate whether you agree or disagree with the following statements - I am concerned about providing personal information to websites, because it could be used in a way I did not foresee

| Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly agree"
Reference category	Strongly disagree
- Note that the following levels have at most five observations: "Strongly disagree".

Q1.1_6

Please indicate whether you agree or disagree with the following statements - Video doorbells help make neighborhoods safer.

| Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Somewhat agree"
Reference category	Strongly disagree

- Note that the following levels have at most five observations: "Somewhat disagree", "Strongly disagree".

Q1.1__7

Please indicate whether you agree or disagree with the following statements - Surveillance cameras help make public spaces safer.

| Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Somewhat agree"
Reference category	Strongly disagree

- Note that the following levels have at most five observations: "Strongly disagree".

Q1.1__12

Please indicate whether you agree or disagree with the following statements - I sometimes feel that if I don't let companies take my data, they won't treat me well

| Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly disagree"
Reference category	Strongly disagree

- Note that the following levels have at most five observations: "Strongly agree".

Q1.1__1

Please indicate whether you agree or disagree with the following statements - I am concerned that the information websites collect about me can be misused

| Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly agree"
Reference category	Strongly disagree

- Note that the following levels have at most five observations: "Neither agree nor disagree", "Strongly disagree".

Q1.1__4

Please indicate whether you agree or disagree with the following statements - I would allow marketers I like to learn about me by listening to the sound of my voice.

| Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly disagree"
Reference category	Strongly disagree

- Note that the following levels have at most five observations: "Strongly agree".

Q1.1__9

Please indicate whether you agree or disagree with the following statements - If companies give me a discount, it is a fair exchange for them to collect information about me without my knowing it.

| Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly disagree"
Reference category	Strongly disagree

- Note that the following levels have at most five observations: "Strongly agree".

Q1.1__10

Please indicate whether you agree or disagree with the following statements - It's okay if a store where I shop uses information it has about me to create a picture of me that improves the services they provide for me.
Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly disagree"
Reference category	Strongly disagree

Q1.1__3

Please indicate whether you agree or disagree with the following statements - What companies know about me from my online behaviors cannot hurt me

| Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly disagree"
Reference category	Strongly disagree

- Note that the following levels have at most five observations: "Strongly agree".

Q1.1_5

Please indicate whether you agree or disagree with the following statements - I would allow marketers I like to learn about me through features of my face.

Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly disagree"
Reference category	Strongly disagree

- Note that the following levels have at most five observations: "Strongly agree".

Q1.1_8

Please indicate whether you agree or disagree with the following statements - If I log onto a store's WiFi, it is fair for them to monitor what I'm doing online while I am in the store.

| Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly disagree"
Reference category	Strongly disagree

Q1.1_11

Please indicate whether you agree or disagree with the following statements - I sometimes feel that if I don't let companies take my data, I won't get discounts I want

Feature	Result
Variable type	factor
Number of missing obs.	0 (0 %)
Number of unique values	5
Mode	"Strongly disagree"
Reference category	Strongly disagree
